

Post-Hurricane Sandy Status Report for Region 2 Superfund Remedial Sites
Located in Emergency Declaration Counties

Full, Official Site Name: NL Site (sediment portion only. For remainder of Site, please see RPM Renee Gelblat's update).

Site Address or Location, including County: Pedricktown, Salem County, NJ

Lat/Long for Site (if you can get this information):

Date of Inspection: Not yet inspected – PRP will inspect by the 13th.

Name of Inspector: Jeff Lead

Affiliation of Inspector (EPA/Contractor/PRP/etc.): EPR

Best phone number to reach inspector: 610 670-7310

Do conditions at the site pose an immediate threat to human health or the environment?

☐ Yes ☐ No

If Yes, please provide a brief description of the conditions and the necessary response actions:

Briefly describe any equipment damage, operational problems, etc.:

None expected, as the soils/sediments were largely remedied to residential levels and there was no equipment left on site. Saplings were planted last month, I expect most of those are gone.
